

# CPC30220

# CERTIFICATE III IN CARPENTRY

**CRICOS NUMBER  
105869G**

This qualification provides the skills and knowledge to become a carpenter. This course provides hands-on experience in building operations as required by the construction industry. Students will learn to use carpentry materials, tools and equipment, and to carry out excavations, levelling, concreting and formwork, flooring, ceilings and walls, and building roofs. This course is an ideal pathway into entry level employment in Carpentry.

## QUALIFICATION

Upon successful completion of this course, students are eligible to receive the Certificate III in Carpentry, a nationally recognised qualification in the construction industry.

## JOB PROSPECTS

On successful completion of the course candidates can seek employment as:

- Carpenter

## ENTRY REQUIREMENTS

### Qualification Requirements:

There are no qualification entry requirements specified in the Training Package, however, students may benefit from previous experience in similar qualifications at Certificate II level.

### Language, Literacy and Numeracy Requirements:

There are no language, literacy and numeracy requirements to enter this qualification. However, LLN testing will be used during the Pre-Training Review to investigate the need for language, literacy and numeracy support throughout the course.

### Licensing/Regulatory Requirements:

There are no licensing or regulatory requirements associated with this course. International students are required to hold Overseas Health Insurance cover for the duration of the course.

## ENGLISH LANGUAGE REQUIREMENTS FOR INTERNATIONAL STUDENTS

Students must provide evidence of one of the following levels of English proficiency:

## Provider

IELTS	5.5
TOEFL paper based	527
TOEFL Internet based	46
PTE	42
OET.	Pass
Cambridge English: Advanced (Certificate in Advanced English).	162

## Minimum Test Score

Where students have previously completed a qualification where English was the primary language of instruction, the student may be eligible for an English language exemption.

## AGE REQUIREMENTS

For international students Nova Institute has a requirement that all students must be over 18 years of age on the date that they commence the course.

## CREDIT TRANSFER

Students may be able to shorten the length of their chosen course by measuring skills acquired through professional work experience or qualifications obtained from formal studies or training. All claims for RPL and Credit Transfer should be made upon enrolment on the course and must be received by the Program Manager within two (2) weeks of commencement.

## ASSESSMENT METHODS

A combination of the following assessment methods will be used to assess this qualification:

- Written activities/Case Studies Questioning
- Projects / Assignments Practical Assessment

## PATHWAYS

Students exiting this qualification may choose to progress with further studies by undertaking one or more of the following qualifications:

- CPC50220 Diploma of Building and Construction (Building).
- A range of other qualifications at Certificate IV level.

## STUDY MODE

Face to face classroom, Practical training and assessment in Nova's Warehouse.

## COURSE LENGTH & FEES

The course length is 92 weeks, including breaks.

### Tuition Fees:

MEL: \$19,000 | ADL: \$21,000 | SYD: \$22,500  
Application Fee: \$200  
Material & Equipment Fee: \$1000

Students must purchase a student toolkit valued at approximately \$1,630.00. Toolkits can be purchased from Nova institute.

Intakes: Jan, Mar, May, Jul, Sep, Nov

**Flexible payment plans**

## UNIT OF COMPETENCY

CPCCCA2002	Use carpentry tools and equipment	Core
CPCCCA2011	Handle carpentry materials	Core
CPCCCA3001	Carry out general demolition of minor building structures	Core
CPCCCA3002	Carry out setting out	Core
CPCCCA3003	Install flooring systems	Core
CPCCCA3004	Construct and erect wall frames	Core
CPCCCA3005	Construct ceiling frames	Core
CPCCCA3006	Erect roof trusses	Core
CPCCCA3007	Construct pitched roofs	Core
CPCCCA3008	Construct eaves	Core
CPCCCA3010	Install windows and doors	Core
CPCCCA3016	Construct, assemble and install timber external stairs	Core
CPCCCA3017	Install exterior cladding	Core
CPCCCA3024	Install lining, panelling and moulding	Core
CPCCCA3025	Read and interpret plans, specifications and drawings for carpentry work	Core
CPCCCA3028	Erect and dismantle formwork for footings and slabs on ground	Core
CPCCCM2006	Apply basic levelling procedures	Core
CPCCCM2008	Erect and dismantle restricted height scaffolding	Core
CPCCCM2012	Work safely at heights	Core
CPCCCO2013	Carry out concreting to simple forms	Core
CPCCCOM1012	Work effectively and sustainably in the construction industry.	Core
CPCCCOM1014	Conduct workplace communication	Core
CPCCCOM1015	Carry out measurements and calculations	Core
CPCCCOM3001	Perform construction calculations to determine carpentry material requirements	Core
CPCCCOM3006	Carry out levelling operations	Core
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry	Core
CPCWHS3001	Identify construction work hazards and select risk control strategies	Core
CPCCCA3012	Frame and fit wet area fixtures	Elective A
CPCCCA3014	Construct and install bulkheads	Elective A
CPCCCA3027	Set up, operate and maintain indirect action powder-actuated power tools	Elective A
CPCCCM2002	Carry out hand excavation	Elective A
CPCCCM3001	Operate elevated work platforms up to 11 metres	Elective A
CPCCCM3005	Calculate costs of construction work	Elective B
CPCCCM1013	Plan and organise work	Elective B
